

With specialist team, LiveZone is a reliable address provided import-export opportunities, expert advice in the government and foreign organizations in the construction of the law, research procedure in Vietnam. We can support investors in overseas construction projects for production and business, incentives for investment, loans.

LiveZone provides for investors all information of investment projects at the same time, appropriate counseling, searching, guidance, implementation of investment procedures in Vietnam etc

Currently, Vietnam have thousands of projects calling for investors and foreign. Investment situation in 2008, 2009, 2010 growth is very good and exceeded planned targets set out by the Ministry of Planning and Investment. With Vietnam's economy, politics and became a member of the WTO - Vietnam attracted foreign investors the best in the region in recent years.

Our major areas of practice are:

- Providing importers to Vietnam the most helpful information in different fields such as in business, investment opportunity, exporting popular products, agriculture (fruits and

vegetables), industrial products, electrical and electronic products, and also, in the field of tourism for the most international well known locations that attracts the visitors, such as Beaches, Amusement Cities and Historic locations.

- Advising on Vietnam's policies related to foreign investment in different economic sectors, early warning on potential areas of difficulty and conflicts as well as analyzing its positive impact to the specific projects. Our lawyers may also assist clients in conducting market research in Vietnam and other Asian countries.

- Advising on the possibility for foreign investors to obtain an investment license, restriction and conditions applicable to foreign investors and the selection of appropriate resolutions for conducting an investment in Vietnam.

- Preparing documents required for obtaining investment certificate and sub-licenses or permits, working with authorities for obtaining the investment certificate and supporting to negotiate and settle legal issues after obtaining such licenses.

- Assisting in negotiating and preparing co-operation, business, or shareholders agreement with Vietnamese parties in joint venture relationship.

- Assisting in opening representative office for foreign company in Vietnam.

- Expanding business scope and assist in other daily business operation including but not limited to labor issues, commercial contracts, management contract and tax.
